

III International Conference
**Laser&Plasma researches
and technologies - LaPlas -2017**
January 24 - 27, 2017, Russia, Moscow, NRNU MEPhI

Dear colleagues!

You are kindly invited to take part in the III International Conference on Laser&Plasma researches and technologies – LaPlas-2017 that is organised by the Institute of Laser and Plasma Technologies of NRNU MEPhI.

The Conference will take place on January 24-27, 2017 at NRNU MEPhI, 31 Kashirskoe shosse, Moscow, Russia.

The conference program consists of:

- Plenary session;
- Meeting of the sections, including
 - Laser physics and its application
 - Plasma physics and its application
 - Laser, plasma and radiation technologies in industry
 - Physics of extreme light fields
 - Controlled thermonuclear fusion
 - Modern problems of theoretical physics
 - Challenges in physics of solid state, functional materials and nanosystems
 - Particle accelerators and radiation technologies
 - Modern trends of quantum metrology

Application forms and the abstract should be sent to the Conference Organization Committee at laplas@plasma.mephi.ru till December 19, 2016.

Your participation in the Conference is free of charge.

All the information about Conference will be available at Internet web-site LaPlas.mephi.ru/LaPlas2017 , after November 28 2016.

Organization Committee,
LaPlas-2017

III International Conference on Laser&Plasma researches and technologies –
LaPlas-2017
